# ABOUT OUR COMPANY

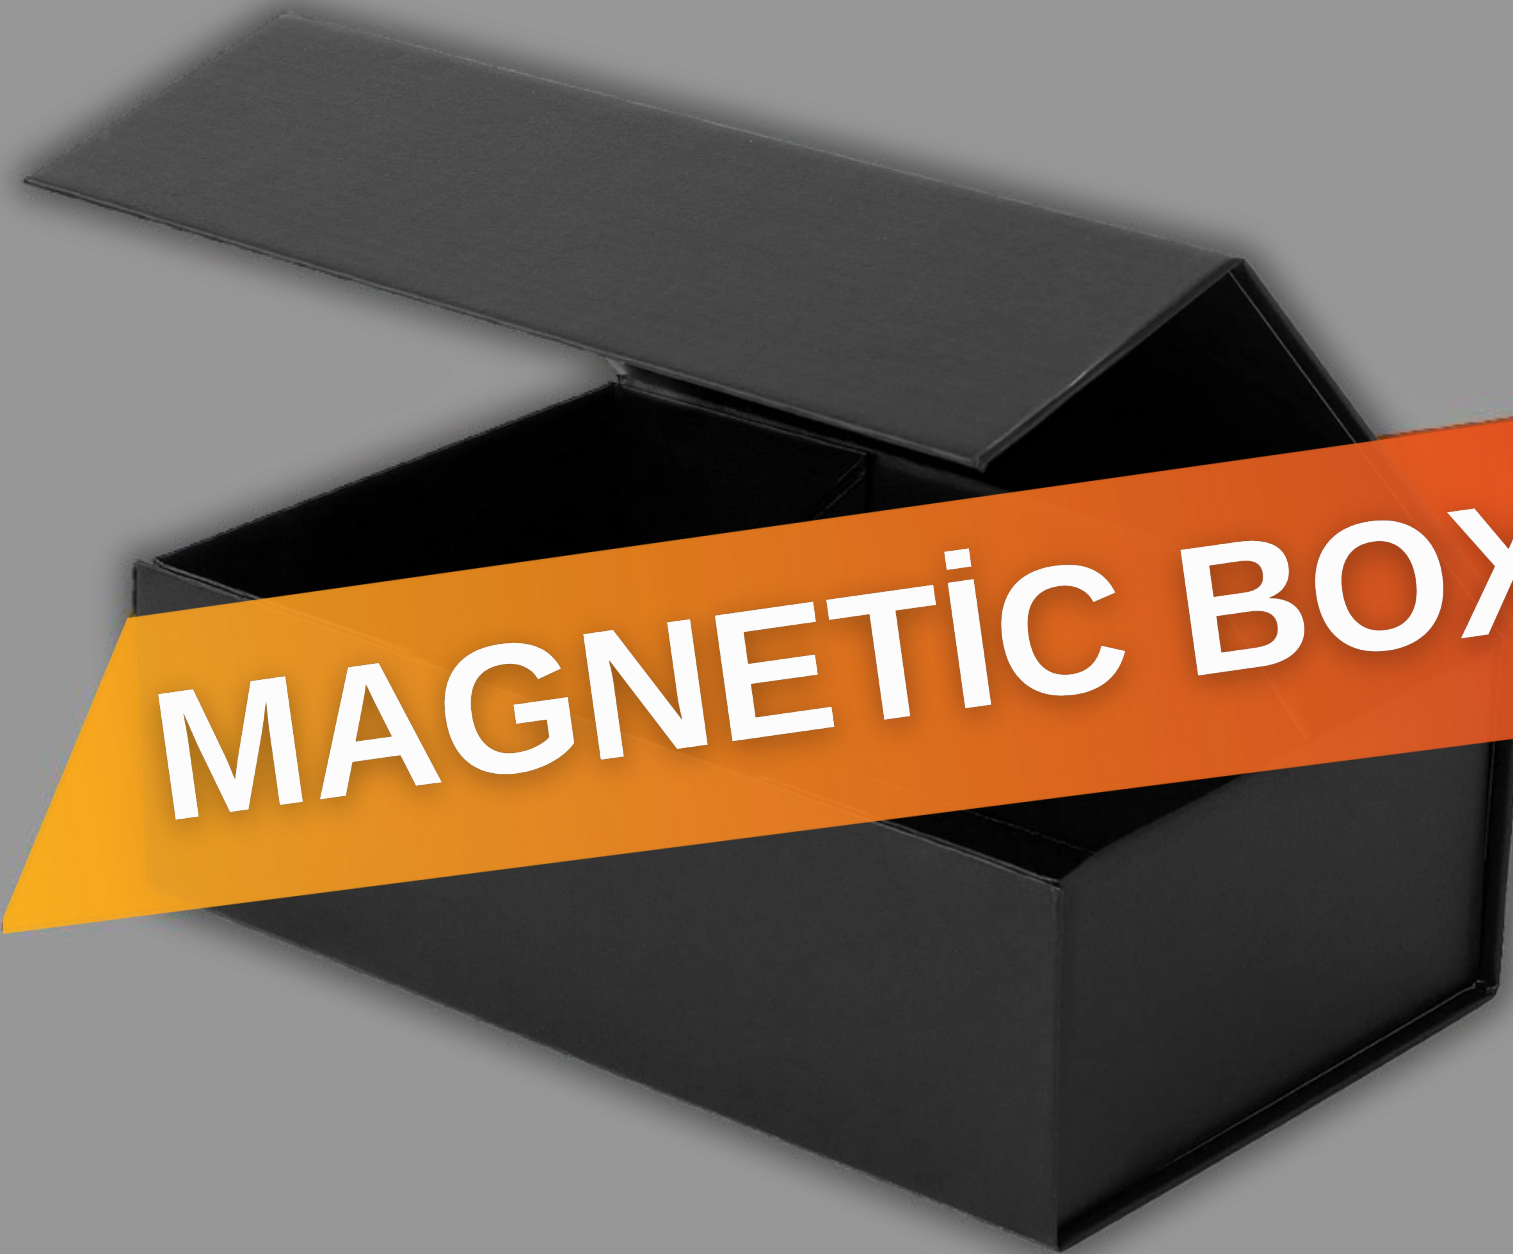

Gray Box & Packing has been a leading company in the industry since 2006.

Our company, which has a daily production capacity of 7500 boxes, focuses on various sectors such as cosmetics, food, glassware and stationery.

While we respond quickly to the changing needs of our customers with our designs that combine aesthetics and functionality, we always adopt customer satisfaction as our priority.

Working with us, you can make your business even more valuable with superior products and services.

The image features three rectangular PVC window boxes arranged horizontally. The leftmost box is a vibrant red, the middle one is a sleek black, and the rightmost is a metallic gold. Each box has a clear PVC window on its front face, revealing the interior. A semi-transparent orange banner with a gradient from yellow to orange is positioned diagonally across the center of the boxes. The banner contains the text 'PVC WINDOW BOX' in a bold, white, sans-serif font. The entire scene is set against a plain, light gray background.
